

Non-Lethal Weapons Instructor

This 5-day (40 hours) program is designed for agencies to train and certify departmental instructors in Non-Lethal Technology for officers in law enforcement or correctional agencies. This course was designed to enhance the agencies in the manufacture's use, and tactical applications of all air launched weapons, chemical aerosol projectors, tactical chemical munitions, specialty impact munitions,

and Distractionary devices. This is a certification on <u>ANY non lethal weapons</u> your agency carries. Learn from experienced instructors with real world experience in field applications. You receive 5 Basic Instructor certification from this class; Chemical Aerosol Projectors, Protective Mask, Tactical Chemical Munitions, Specialty Impact Munitions, Distraction Devices. Once you complete this class you can re-certify online with NWTC. Ask about our pre-load programs and save about \$1,000.00 per student!

<u>Topics covered in the program include:</u>

- How to select aerosols
- Different spray patterns
- Protective masks
- Air launchers deployment
- 12 gauge chemical munitions & specialty impact munitions
- 37/40 mm chemical munitions & specialty impact munitions
- Indoor & outdoor chemical munitions deployment
- Establishing an effective training program
- Single and team deployment
- History of Distractionary Devices
- Integrated use of force options
- Establishing qualification courses
- Policies and procedures

Dave Young is
recognized as one of
the nation's leading
experts in the use,
selection and
deployment of non
lethal weapons and has
hosted the Police
Technology Show for
National Geographic.
