

Firearm Survival Instructor

Long gun

Shot Avoidance Tactics

This 1.5-day (12 hours) officer survival program is a series of tactical enhancement seminars designed for agencies to update, train and provide critical life saving information for situations where the officer is out of reach to physically disarm the subject but needs to execute tactics to save either their own life or the lives of others using shotgun, carbines or other issued assault rifles or other weapons of opportunity. This course is designed to enhance instructor's development in firearm tactics with long guns, unconventional firing and slinging techniques, and shadowing tactics and advanced movement methods for engaging a subject(s) within 30 feet. Enforcing contact cover principals, high risk threats, spontaneous lethal force encounters and ambushes. This course will also address weapon transition skills, officer rescue tactics and immediate action to a gunfight or high risk rescues. Instruction is based on realistic use and applications of control methods in the use of force situations. This class will conduct dry fire drills, training projectiles (21st Tactical AirSoft) simulations, and live fire exercises. **Pre-requisite is the 3 day Firearm Survival Instructor "Shot Avoidance Tactics".**

Topics covered in the program include:

- Communicating with your Threat - Verbal tactics
- Body Positioning (Day and Night)
- Avenues of approach and escape
- Daytime & Nighttime strategies
