

Non-Lethal Weapons Master Instructor

This 10-day (80 hours) program is designed for agencies to train and certify departmental Master Trainer in Non-Lethal Technology for officers in law enforcement or correctional agencies. This course was designed to enhance the agencies in the manufacture's use, and tactical applications of the Air Launchers, Chemical Aerosol Projectors, and Chemical Munitions, Specialty Impact Munitions, and Distractionary devices. **This certification is valid for 5 years!**

Topics covered in the program include:

- How to select aerosols
- Different spray patterns
- Protective masks
- Air launchers deployment
- 12 gauge chemical munitions & specialty impact munitions
- 37/40 mm chemical munitions & specialty impact munitions
- Indoor & outdoor chemical munitions deployment
- Establishing an effective training program
- Single and team deployment
- History of Distractionary Devices
- Integrated use of force options
- Establishing qualification courses
- Policies and procedures

Dave Young is recognized as one of the nation's leading experts in the use, selection and deployment of non lethal weapons and has hosted the Police Technology Show for National Geographic.
