FORCE PROTECTION – COUNTER COMBATIVES M-4 & SHOTGUN

This 1 day (8 hours) basic certification course and 5 days (40 hours) basic Instructor certification program is designed for Force Protection Teams to train and certify their soldiers to carrying M-4 assault rifles and carbines and 12 gauge automatic or pump action shotguns. This course is designed to enhance and combine basic weapons training and combat tactics in building advanced soldier skills combining live fire of firearms with physical tactics and skills needed to win a close quarter encounters with M-4 assault rifles and carbine or 12 gauge automatic or pump action shotguns. **This is the first course of its kind in actively combining the use of live firearms with physical tactics**, focusing on team communications and strategies, controlling the distance, protecting the long gun with and without the use of a sling, immediate weapon transitions, understanding proxemics, action and reaction facts, cause and effect tips, various movement, tactical options and live engagement strategies for confronting single or multiple armed and unarmed threats. We will address and demonstrate the need for finger manipulation exercises, vision and oxygen impaired environments and combat strategies for winning these lethal threats. Also address important agency and unit's articulation options and word choice selection and phrasing when justifying and explaining the application of using deadly force. This course was developed by field proven tactics and is designed to save your life!

Topics covered in the program include:

- Managing Distance options
- Hand and Finger Manipulation Tactics
- Long gun Transition from Firearm to Empty Hands
- Close Quarter long gun tactics
- Understanding line of fire principals
- Deploying the long gun in real-world environments
- How to combine long gun operation and handling with physical force options
- How to engage multiple deadly force threats
