## FORCE PROTECTION INTERMEDIATE USE OF FORCE - MCP

This 1 day (8 hours) basic certification course and 5 days (40 hours) basic Instructor certification program is designed for Force Protection Teams to train and certify their soldiers in Transitional Tactics for Control and Arrest techniques using your intermediate weapons. This course is designed to enhance the instructor's development in the combination and use of aerosols, batons and electrical devices and empty hands. This course concentrates on use of anatomically correct techniques that allow for the natural movement of limbs without twisting and bending for control. Instruction is based on realistic use and applications of control methods in the use of force situations. For successful completion Instructor certifications are issued in Intervention Strategies, Chemical Aerosol Projectors, and Impact Weapons. **Learn from experienced instructors with real world experience in field applications.**

### Topics covered in the program include:

- Importance of laying the verbal foundation
- Ground stabilization tactics
- Intergraded force options with aerosols and empty hands
- Zones of approach and escape
- Standard & tactical handcuffing techniques
- Dynamic empty hand defense tactics
- Identifying the danger areas when applying handcuffs
- Intergraded use of force options
- Applications of flex-cuffs, other restraint devices
- Close quarter and stun tactics
- Ground stabilization tactics
- Documentation and use of force options
- Takedown techniques for single and multiple Soldier applications
- Empty hand and baton escorts & come along techniques
- Integrated use of force options
- With batons and empty hands
- Introduce the "tactical prone" & individual Soldier responsibilities
