## FORCE PROTECTION – RAPID RESPONSE TACTICS - MCP

This 1 day (8 hours) basic certification course and 5 days (40 hours) basic Instructor certification program is designed for Force Protection Teams to train and certify their soldiers leading and commanding Rapid Response Teams and Personnel when responding to an active shooter within an occupied building structure.

This program is designed to teach effective planning and response to active shooter situations during times of crisis and how to instruct in the selection of personnel, gear and equipment, and establish protocols and standards for Force Protection teams and personnel. Focus is on the welfare, moral and training needed for these emotional and physically demanding encounters.

We will address and demonstrate the need for protocol, quick deployment and decisions that need to be made on scene, tactical operations, selecting equipment, weaponry, and various non-lethal weapon options. We will also address how to organize with schools and outside agencies responding to protect departments from costly litigation issues that could arise from these situations.
